Notify operator

Does operator wish to proceed

No

Ext

Yes

Prompt operator to enter name, date, and time to continue run

Note in history of run the quality control not checked and operator information

760

Save dispense data for run to database

762

Merge run rules together for run

764

N'

106390-6496360

(N)

Download run program and run rules ~ 766

Host commands remote to run steps and periodically checks environmental parameters based on run rules ~ 768

Host updates the tables, including the dispense table ~ 769

Host periodically checks on status of remote; receives run-status ~ 770

Remote finishes execution of steps ~ 772

Host compiles and stores history of run status based on information sent from remote and quality control check ~ 774

END
